# Digital Menus

Your school and Lunchtime Solutions are happy to announce that we have a new look and greatly increased functionality of our on-line monthly menus web page.

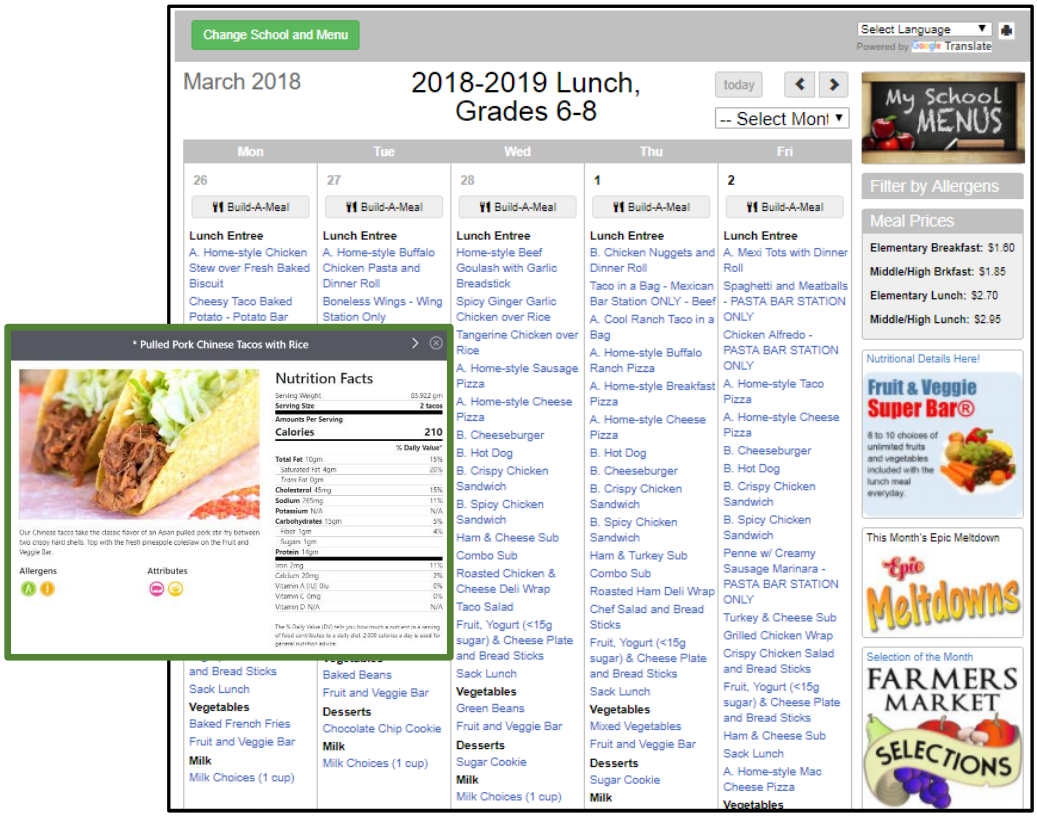
**To Access Your Specific Menu:**

Find the link to menus on your school district website, in the usual location as before. When students or parents link to see their menus through the district website, they will now **select their school name and menu from a drop-down box**. See the example below:

You can also download **My School Menus Phone App** for quick and easy access to menus on-the-go.

## Features of your new live, interactive menu:

- The monthly menu
- Program information and details
- Up to 180 languages translated by google translate
- Recipe details when you scroll the cursor over menu item such as
  - nutritional details
  - allergen information
  - Image or description of that recipe



*Click on any menu item and see details such as nutritional values and description pops up for your review!*
