JONES COUNTY SCHOOL DISTRICT 37-3

Distance Learning Mission Statement

The Jones County School District (hereinafter “District”) recognizes the significance of organizing the distance education initiatives of the institution so that a well-coordinated program will be delivered. Coordination of distance education initiatives is required to provide the resources and assistance for faculty, to provide support services for distance education students, to maximize the use of District resources with a minimum of duplication, and to ensure consistent and fair policies and procedures related to faculty and students.

Rapid advancements in technology will undoubtedly create new methods for providing and delivering distance education. Therefore, policies and procedures that impact distance education will continuously change and these guidelines reflect the latest developments at the time of printing. As changes occur that are internally developed, required by the South Dakota Department of Education, this document will be revised to incorporate those changes.

Distance Learning Goals

- To provide K-12 students with expanded educational opportunities through the use of both synchronous and asynchronous distance learning methodologies.
- To encourage students with postsecondary educational plans to enroll in upper-level courses which are not part of the District’s curriculum.

Distance Learning Definitions

The District recognizes distance learning as the incorporation of technologies so that students can “attend” classes and training sessions that are presented at a remote location or “off-site.” Access to the course is gained through technology such as the Internet, and/or interactive videoconferencing. Distance learning providers:

1. Digital Dakota Network (hereinafter “**DDN**”)—a state-supported digital communication system that delivers high-speed data connectivity to all public schools in South Dakota. In addition, the DDN video delivers high-quality video conferencing capabilities to high/middle school facilities within South Dakota. This includes Blended DDN courses—video conference once/twice per week.
2. South Dakota's Virtual School (hereinafter “**VS**”)—offers a variety of courses that students can take on their own time, all taught by qualified professionals and aligned to the state's content standards.
3. High School Dual Credit Program (hereinafter “**Dual Credit**”)—is an opportunity for high school students who meet admissions standards to enroll in public postsecondary institutions in South Dakota and simultaneously earn credits for both their high school diploma and postsecondary degree or certificate. Dual credit courses offered by the postsecondary institution’s faculty members, are governed by the postsecondary institution’s policies, and follow the postsecondary institution’s establish processes for admissions, registration, billing and grade reporting. Courses include college-level content and subject matter; students choosing to participate will be held to the same expectations and standards as college students.
4. **College Readiness**—South Dakota’s public universities determine a student’s eligibility for college level courses based on ACT English and mathematics sub-scores. Students with an 18 or higher in English and a 20 or higher in mathematics can register for college level coursework. Students whose ACT scores are below these levels must take what the Board of Regents call “remedial” coursework, for which they receive no credit and must pay full cost. College Readiness coursework is offered via the SD Virtual School.
5. **College Credit**—enrollment in a college course where college credit is awarded only by that institution.

JONES COUNTY SCHOOL DISTRICT 37-3

Distance Learning Target Market

- Students looking for advanced coursework;
- Students who encounter scheduling conflicts;
- District unable to find highly qualified staff to teach a particular course;
- Students who want to take courses not offered by the District; and
- Students needing credit recovery due to failure, illness or other issues.

Non-Discrimination Notice

It is the policy of the Jones County School Board (hereinafter “Board”) of the District to comply with federal and state laws prohibiting discrimination and all requirements imposed by or pursuant to regulations issued thereto, to the end that no person shall, on the grounds of race, color, national origin, creed, religion, sex, marital status, with regard to public assistance, age or disability, be excluded from participation in, be denied the benefit of, or be otherwise subjected to discrimination under any educational program or in employment, or recruitment, consideration, or selection.

The District has implemented a management system to comply with the provisions the Federal Anti-Discrimination Laws pertaining to schools. The District will evaluate on a continuous basis the District's operation in terms of the requirements of federal and state law prohibiting discrimination and will modify any aspects of the District's operation not in conformance. Remedial steps will be taken to eliminate the present effects of past discrimination, data will be maintained of any modifications made and upon request, and this data will be forwarded to the U.S. Department of Education.

The District has appointed a Title IX Coordinator who has responsibility for the implementation of provisions of Civil Rights Law, who has designed and implemented a training program to acquaint the District's staff with its civil rights responsibilities, who has established and published a grievance procedure for students and staff as required under provisions of Title IX and who has and will disseminate the District's non-discriminatory policy to clients, the general public and others.
